		professional experience in the XR domain, combining hands-on technology development with product planning and management. His core capabilities include immersive product development, technology R&D and the continued evolution of technology-led products. His experience spans sports simulations, mobile and VR gaming, immersive learning and assessment, interactive AR applications and VR experiences built around cinematic scenarios. Through engagements ranging from exploratory prototypes to his long-standing involvement in the development of iB Cricket, he has built capabilities in technology evaluation, interaction design, feature development and adaptation across evolving hardware and platforms. His technical experience also extends beyond XR to customised CAD solutions developed using .NET-based plugins, including functionality for generating PDF documents from CAD drawings. This reflects his ability to understand specialised software requirements and translate them into practical solutions. Sai Kiran's experience in product management spans user and community engagement, incorporating feedback into product improvements, feature strategy and delivery. Combined with his technical and team leadership and cross-functional coordination capabilities, this enabled him to connect customer and business requirements with product decisions and technical execution. His blend of technical depth and product perspective positions him to guide technology initiatives, strengthen product execution and support the Company's continued innovation.

3.PERFORMANCE OF THE COMPANY:

1. Vision and Mission of the Company

To develop transformative and cutting-edge XR (Virtual Reality, Augmented Reality, and Mixed Reality) products across gaming, education, commerce, and other domains. ProYuga Advanced Technologies Limited (Hereinafter referred to as “ProYuga” or the “**Company**”) has already developed two world-class products, iB Cricket and Programmer VR.

2. Highlights from Previous Years

2.1 Brief about iB Cricket:

ProYuga’s flagship product, iB Cricket, was officially launched in 2018 in the presence of the then Hon'ble President of India, Shri Ram Nath Kovind. The custom made iB Cricket bat was unveiled by the then Electronics & IT Minister of India, Shri Ravi Shankar Prasad.

- iB Cricket is the world’s most advanced and highly immersive VR Cricket. It brings the thrill of playing cricket in world-class VR stadiums anytime, anywhere. This revolutionary format(Cricket as a vSport) combines the excitement of the sport with the power of Virtual Reality, redefining how cricket is played and experienced.
- iB Cricket has garnered widespread acclaim, not only among cricket enthusiasts but also from renowned international cricketers. Their praises highlight the platform’s exceptional authenticity and the precision with which it replicates the nuances of real-world cricket. Praise from professionals who regularly compete at the highest levels and in international stadiums serves as a strong testament to iB Cricket’s unmatched quality and deeply immersive experience.
- Cricketing Legends like Sunil Gavaskar, Muttiah Muralitharan and Harsha Bhogle were a part of the Gaming Advisory Council.
- With over 1.2 Billion balls played, iB Cricket is the World’s most played VR Cricket. So far, people from 60+ nationalities have played and loved the game, irrespective of age, gender, or cricketing experience.

iB Cricket is amassing diehard fans across the globe.

- iB Cricket continues to enjoy strong popularity, driven by its diverse gameplay modes. Its appeal is powered by high-fidelity graphics, immersive gameplay, and engaging mechanics, making it a standout title in the VR sports ecosystem.
- For many users, it has become their go-to VR game, while several players have even purchased a VR headset solely to play iB Cricket. For many fans, playing iB Cricket has evolved into a daily ritual.

2.2 Partnerships & Associations:

Over the years, iB Cricket has forged strategic partnerships and associations across diverse domains, from cricketing fraternities and professional leagues to leading global brands and major movie productions. These collaborations have amplified visibility, strengthened fan engagement, and showcased iB Cricket's versatility in delivering impactful and memorable experiences.

- **Cricket Leagues and Franchises:** iB Cricket has been the Official VR Gaming Partner of 8 teams (RCB, CSK, KKR, RR, SRH, DC, KXIP, and LSG) over the last six IPL seasons. iB Cricket was the Official VR Cricket Partner of the Abu Dhabi T10 League 2019. Also, iB Cricket was the Principal Sponsor of Bengal Tigers (in the year 2018), one of the teams in the UAE T10 League.
- **Brands & Corporates:** Many Brands & Corporates such as Thumbs Up, DP World, IndusInd, Nestle, TATA Motors, Reliance Digital etc., have leveraged iB Cricket through PAN India Brand Activations, Experiential Marketing Campaigns, Community Engagement Events etc. With its stunning visuals, immersive gameplay, and the novelty of the experience, iB Cricket has left a lasting impression on clients, customers, and audiences alike, enabling brands to connect more deeply with their target segments. Wherever these events have been hosted, they have witnessed tremendous success, with iB Cricket consistently proving to be a major crowd-puller.
- **Movies:** iB Cricket has been the Official VR Gaming Partner to popular movies like **RRR, 83, Sarileru Neekevvaru and Super30**. 83 Movie has won the Best Experiential Marketing Award at the World Trailer Awards 2022.

2.3 VR Cricket Leagues

- In 2019, iB Cricket and Viu launched **Super Over League**, the World's First Celebrity VR Cricket League. Featuring 12 international cricket stars, including Virender Sehwag, Brendon McCullum, Suresh Raina, Andre Russell, and others, the league brought together some of the game's biggest names for an ultimate virtual face-off.
- The league delivered thrilling contests, nail-biting chases, and epic finishes, culminating in a highly engaging finale. With an overall viewership surpassing **43 million**, the league not only showcased a new format of cricket but also reinforced iB Cricket's position as the world's most immersive VR Cricket.
- In FY 22-23, ProYuga announced the World's First Metaverse Cricket League - **Metaverse Super Star**. It offers cricket fans the chance to compete in world-class virtual reality stadiums and become the first-ever Metaverse Super Star.
- 60,000+ people from across 10 states have participated in the Stage 1 events of the League, which were conducted at corporate offices, high footfall places such as malls, premium cafes, gaming zones etc.
- The league has amassed an impressive reach of 55 million+.
- Whether through its leagues, engagement events, experiential marketing campaigns, or brand activation programs, iB Cricket has consistently proven to be a major crowd-puller.
- This not only validated the audience appetite for immersive cricket experiences but also demonstrated the long-term potential of iB Cricket evolving into a full-scale vSport.

2.4 How Ecosystem Giants are perceiving iB Cricket:

- **Meta:**
- iB Cricket has been featured on Meta's official social media channels, where it was highlighted with statements such as

"ProYuga redefining India's most loved sport",
"Pushing the boundaries of immersive sports",
"Proyuga is Innovating for Tomorrow".
- ProYuga has been invited to various Meta Developer Day Events, to demonstrate how iB Cricket is pushing the boundaries of VR gaming and user engagement
- **Entrepreneur India:** Recognizing its world-class innovation and rapid growth, iB Cricket was awarded 'Startup of the year-VR technology' in the year 2019 by Entrepreneur India, at Entrepreneur Annual Conclave 2019, the annual flagship event of Entrepreneur Media.
- **Blume Ventures:** Blume Ventures' XR thesis emphasized that XR presents a unique opportunity for India to build the next global B2C app and spotlighted iB Cricket as one of the emerging XR innovations built from India.
- **Blume and Treemouse:** Blume Ventures and Treemouse, together with Meta have published an XR report titled "Accelerating India's potential to address the Global XR Opportunity". The report presented a multi-stakeholder point of view on India's evolving XR ecosystem and the opportunities it has to assume global prominence. ProYuga was featured in the Startup Showcase of the report.

2.5 Programmer VR:

- 2.1. In FY 23-24, ProYuga launched Programmer VR, a first-of-its-kind VR/MR app on the Meta Main Store(now, Meta Quest Store). It's a gamified & easy way to learn programming by solving fun puzzles.
- 2.2. Programmer VR has been receiving strong positive feedback from users. It was also featured in the "**Most Innovative Apps**" and "**Best of November '23**" categories by Meta.

3. Market Scenario

During the year under review, the overall market conditions for the XR industry remained largely unchanged from the previous year. Hardware availability, particularly in markets such as India remains unchanged, and the pace of mass-market penetration has remained slower than originally anticipated.

In view of these continuing market conditions, the Company has maintained a measured approach towards expansion while continuing to strengthen its core products and technology capabilities. The Company remains positive about the long-term potential of XR and believes that broader adoption will improve as headsets become more accessible, capable and commercially viable. Accordingly, the Company continued to focus on enhancing iB Cricket, expanding its content and gameplay depth, and ensuring that the product remains well positioned to scale as the XR ecosystem matures.

4. Business Operations & Key Developments for FY 25-26

Against this backdrop, during the year under review, following are the key business operations:

4.1 Strengthening iB Cricket's Product Experience and Reach

During the year, the Company continued to strengthen its flagship product, iB Cricket, through multiple gameplay enhancements aimed at making the experience more engaging, accessible and rewarding for a wider range of players. New gameplay formats and variations were introduced to provide players with greater choice in how they play, including experiences designed around different skill levels, match durations and competitive preferences.

Alongside gameplay improvements, the overall experience was continuously refreshed through new content, greater personalisation, visual enhancements and improvements across the user interface and core gameplay systems. These initiatives were aimed at increasing the depth, variety and replayability of iB Cricket and sustaining long-term player engagement.

At the same time, iB Cricket continued to witness increasing organic visibility across global digital platforms. New content creators and influencers continued to emerge around the game, expanding its reach to wider audiences and further strengthening its organic discoverability and community-led presence.

4.2 Continued Presence in Meta Horizon+

In the last financial year, iB Cricket was handpicked by Meta as one of the top games globally to be featured in Meta Horizon+. This inclusion has significantly enhanced the game's visibility and reach among Meta Quest users globally, resulting in strong user participation and sustained engagement.

The strong player response and sustained engagement following its inclusion resulted in Meta extending iB Cricket's presence in Horizon+, reaffirming the title's appeal and strengthening its visibility across the Meta Quest ecosystem.

4.3 Other Services

In addition to its proprietary products, the Company continued to undertake technology development engagements and consulting services for other organisations, leveraging its expertise across software engineering, immersive technologies and specialised technology solutions, thereby creating complementary business opportunities alongside its core product offerings.

INDEPENDENT AUDITOR'S REPORT

To the Members of ProYuga Advanced Technologies Limited,

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying financial statements of **ProYuga Advanced Technologies Limited**, ("the Company"), which comprise the Balance Sheet as at 31st March 2026, and the Statement of Profit and Loss and Statement of Cash Flow for the year then ended, and notes to the financial statements, including the summary of significant accounting policies and other explanatory information.

In our opinion and to the best of the information and according to the explanations given, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2026, and its Profit and its Cash Flow statement for the year ended on that date.

Basis for Opinion

We have conducted the audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to the audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and have fulfilled the other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

1. We draw attention to Note 18 to the financial statements, wherein the Company has disclosed that certain non-moving inventory, comprising raw materials and finished goods, aggregating to ₹27,732.30 (in 00's) as at 31 March 2026, has been written down to its net realisable value of ₹2,773.23 (in 00's) based on management's assessment of the recoverable value of such inventory. Our opinion is not modified in respect of this matter.
2. We draw attention to Note 5 of the financial statements, which states that a charge has not been created in respect of a loan amounting to ₹1,55,000.00/- (in 00's) secured against property. Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Directors Report including Annexures to Directors Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and Cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- i. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- v. Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure-A**", a statement on the matters specified in the paragraph 3 and 4 of the order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from the examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

R V K S AND ASSOCIATES

- e) On the basis of the written representations received from the directors as on 31st March 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, the provisions of Section 143(3)(i) are applicable to the Company and the report on IFCoFR is separately attached as ***Annexure B***.
 - g) In our opinion and to the best of our information and explanation provided to us, the Company has complied with section 197 of the Companies Act, 2013.
3. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of information and according to the explanations given.
- a) The Company does not have any pending litigations which would impact its financial position.
 - b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c) There are no amounts liable to be transferred to Investor Education and Protection Fund by the Company.
 - d)
 - i) The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note no. 35 to the Financial Statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - ii) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the Note no.35 to the Financial Statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (d)(i) and (d)(ii) contain any material misstatement.
- e) The company has not declared or paid any dividend during the year and has not proposed a final dividend for the year.
- f) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has used accounting software for maintaining its books of accounts during the financial year ended 31st March 2026, which has a feature of recording an audit trail. As stated in Note No. 39 of financial statements, the audit trail feature was enabled throughout the financial year ended 31st March 2026 for all relevant transactions. Further, during the period under audit, audit trail was enabled and operated, we did not come across any instance of the audit trail feature being tampered.

As the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from 1st April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditor's) Rules, 2014 regarding the preservation of audit trail is required. The audit trail has been preserved by the company as per the statutory requirements for record retention.

Annexure-A

As required by Companies (Auditors Report) Order, 2020

Referred to in paragraph 1 under the heading 'Report on Other Legal & Regulatory Requirement' of our report of even date to the financial statements of the Company for the year ended March 31, 2026:

i. Property Plant Equipment and Intangible Assets:

- a) A) The Company is maintaining proper records showing full particulars, including quantitative details and the situation of Property, Plant and Equipment.
- B) The company is maintaining proper records showing full particulars of intangible assets.
- b) According to the information and explanations given to us, the Property, Plant and Equipment of the Company have been physically verified by the management during the year, which in our opinion is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to such verification, certain assets carried at residual value, which were damaged and no longer in use, were identified by the management. The written down value of such assets has been written off during the year. In our opinion, the discrepancies noticed on such physical verification were not material, and have been properly dealt with in the books of account.
- c) We have inspected the copies of Encumbrance certificates downloaded from relevant portal for immovable properties of the company disclosed in the financial statements of the company under Property, Plant and Equipment. We have verified the third-party confirmations in respect of the deposit of title deeds of immovable properties of the company which are in the custody of third parties such as mortgages. Based on our audit procedures and information and explanations given to us we report that all title deeds of immovable properties of the company are disclosed in the financial statements of the company and held as a property, plant and equipment in the name of the company.
- d) The company has not revalued any of its Property, Plant and Equipment (including Right to Use assets) or intangible assets or both during the year.
- e) According to information and explanations provided to us, no proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and the rules made thereunder.

ii. Inventories:

- a) As per the explanation and information provided to us, Physical verification of inventory has been conducted at reasonable intervals by the management and in our opinion, the coverage and procedure of such verification by the management is appropriate. Discrepancies if any identified is less than 10% of the value.
- b) As per the explanations and based on our verification, the company has not been sanctioned working capital limits at any point of time during the year, from banks or financial institutions on the basis of security of current assets. Accordingly reporting under clause 3(ii)(b) of the order is not applicable.

iii. Loans given, investments, guarantees and security:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **ProYuga Advanced Technologies Limited** (“the Company”) as of March 31, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013 to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has maintained, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the Financial Statements for the Year Ended 31st March 2026

1. Company Information

ProYuga Advanced Technologies Limited (the company) was incorporated on 16th June 2017. The Registered office of the company is situated at Plot No. 30, Brigade Towers, East Wing, Ground Floor, Nanakramguda, Financial District, Gachibowli, K.V. Rangareddy, Seri Lingampally, Telangana, India, 500032. The company operates within India and world-wide with CIN: U74999TS2017PLC176097.

The company shifted its registered office from Maharashtra to Telangana state. The revised certificate has been received from Regional Director dated: 17th August 2023

The vision of the company is to develop transformative and cutting-edge XR (Virtual Reality, Augmented Reality, and Mixed Reality) products across gaming, education, commerce, and other domains. ProYuga has already developed two world-class products, iB Cricket and Programmer VR.

2. Significant Accounting Policies

2.1 Basis of Preparation of Financial Statements

The financial statements have been prepared in accordance with the Accounting Standards notified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Rules, 2021, as amended from time to time, other relevant provisions of the Act and other pronouncements of the Institute of Chartered Accountants of India. The financial statements have been prepared on the historical cost convention and on the accrual basis of accounting, in accordance with generally accepted accounting principles in India.

The Company qualifies as a Small and Medium-Sized Company (SMC) under the criteria prescribed in the Companies (Accounting Standards) Rules, 2021. Accordingly, the financial statements have been prepared in compliance with the Accounting Standards applicable to SMCs. In doing so, the Company has availed the following exemptions and relaxations that are permitted for SMCs:

1. **Leases (AS 19):** Exemption has been availed from providing certain detailed disclosures relating to lease arrangements.

ProYuga Advanced Technologies Limited

CIN: U74999TS2017PLC176097

Hyderabad

Notes forming part of the Financial Statements for the Year Ended 31st March 2026

2. **Impairment of Assets (AS 28):** Exemption has been availed from providing detailed disclosures relating to estimation techniques and assumptions used in impairment testing.
3. **Provisions, Contingent Liabilities and Contingent Assets (AS 29):** The Company is not required to present a detailed reconciliation of provisions. Only aggregate disclosures of nature and amounts are made.

The accounting policies have been framed, keeping in view the fundamental accounting assumptions of Going Concern, Consistency and Accrual, and also basic considerations of Prudence, Substance over form, and Materiality.

The Financial Statements have been prepared on a going concern basis, in as much as the management neither intends to liquidate the entity nor to cease operations. Accordingly, assets, liabilities, income and expenses are recorded on a Going Concern basis.

Based on the total income of the reporting entity, the amounts presented in the Financial Statements are uniformly rounded off to the nearest Hundreds, unless otherwise specified.

2.2 Operating cycle and basis of classification of assets and liabilities

All assets and liabilities are classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III (Division I) to the Companies Act, 2013. Based on the nature of services and the time between the acquisition of assets for processing and realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

The assets and liabilities are classified as current to the extent they are expected to be realized or contractually repayable within 12 months from the Balance Sheet date and as non-current in other cases.

2.3 Presentation and Disclosure of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of AS 3 "Cash Flows Statement". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of

ProYuga Advanced Technologies Limited

the financial statements along with the other notes required to be disclosed under the notified Accounting Standards, Guidance Notes on Accounting Standards and in accordance with Schedule III of Companies Act, 2013.

2.4 Use of Estimates and Assumptions

The preparation and presentation of financial statements in conformity with the applicable Generally Accepted Accounting Principles requires estimates and assumptions to be made by the management that affect the reported amount of assets and liabilities, disclosure of contingent liabilities and other information as at the date of the financial statements and the reported amount of income and expenses during the reporting period. The estimates and assumptions used in the preparation of these financial statements are based on management's assessment of the facts and circumstances existing as at the reporting date, together with the information available to management up to the date of approval of the financial statements, to the extent such information provides evidence of conditions existing as at the reporting date and may differ from the actual results.

Significant areas where estimates are applied include but not limited to determination of useful lives of property, plant and equipment, impairment of assets, provision for doubtful debts, recognition of deferred tax assets, employee benefit obligations, and provisions and contingencies. Differences between actual results and estimates are accounted for in the period when the results become known or materialize.

2.5 Inventories

Inventories are valued at the lower of cost and net realizable value (NRV). Cost is determined using the FIFO method and comprises purchase cost (net of discounts/rebates), non-recoverable taxes/duties, freight and other costs incurred to bring inventories to their present location and condition. Abnormal waste, storage costs (unless necessary in the production process), and administrative/selling costs are excluded.

Inventory comprises of the following

- i. **Raw materials:** Raw materials consist of Wrist Lanyard, Batteries, Connectors etc used in assembling the finished good i.e., the bat. They are measured at FIFO cost. When the finished goods made from these materials are expected to be sold at or above cost, raw materials are not written down below cost.

ProYuga Advanced Technologies Limited

CIN: U74999TS2017PLC176097

Hyderabad

Notes forming part of the Financial Statements for the Year Ended 31st March 2026

- ii. **Work-in-progress:** WIP is valued at lower of cost and NRV, where cost includes materials, direct labour and a systematic allocation of variable and fixed production overheads based on normal capacity.
- iii. **Finished goods:** Finished goods i.e., the iB Cricket Bat is valued at lower of cost and NRV; cost includes materials, conversion costs and appropriate production overheads.
- iv. **Consumables:** Consumables consist of packing materials procured for iB Cricket bats and are valued at lower of cost (FIFO) and NRV.

The net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and estimated costs necessary to make the sale. Write-downs to NRV and subsequent reversals (limited to the amount of the original write-down) are recognized in the Statement of Profit and Loss.

2.6 Cash Flow Statement

Cash flows are reported in accordance with the requirements of Accounting Standard-3, using the indirect method whereby profit before taxes is taken as basis and adjustments made with respect to non-cash expenses and current assets and liabilities to arrive at the operating flows. Cash flows from Investing and Financing activities are segregated.

Cash and cash equivalents for the purposes of the Cash Flow Statement comprise cash on hand, balances with banks, and short-term, highly liquid investments with original maturities of three months or less, that are readily convertible into known amounts of cash, and which are subject to insignificant risk of changes in value.

2.7 Revenue Recognition

Revenue is recognised as per the requirements of Accounting Standard (AS)-9, when it is measurable, realisation is reasonably certain, and the significant risks and rewards of ownership (for goods) or the stage of completion (for services) can be reliably determined. Revenue is measured at the fair value of consideration received/receivable, net of taxes, returns, discounts and platform/agency charges. Amounts billed/received in advance are recorded as deferred revenue/unearned income and recognised when the related performance obligations are satisfied.

Accounting Policies for all the Revenue Streams

i. **iB Cricket Software licensing through Meta & Steam platforms (Exports)**

Revenue is recognised monthly on receipt of the platform sales report/confirmation, which provides reliable evidence of sales to end customers and the consideration due. Revenue is recorded net of platform fees/charges and taxes. Export sales are recognised in the period to which the platform confirmation relates.

ii. **iB Cricket – from our website (goods, software license)**

- a) **Sale of goods (bats):** Sale is recognised on transfer of significant risks and rewards to the customer.
- b) **Software License:** Sale is recognised on delivery/activation when the Company has no remaining significant obligations.

Consideration in bundled arrangements is allocated to separable components as agreed.

iii. **MCS Revenue**

- a) **Model A - Partner-operated (license/revenue share):** The partner runs the arcade; the Company recognises revenue periodically on receipt of the partner's sales report for that period, measured as the contracted share which is net revenue. If a completed period's report is pending but sales can be estimated reliably, company accrues the revenue for the same.
- b) **Model B - Company-operated at partner premises (principal):** The Company runs the arcade and recognises gross revenue at point of sale when services are rendered.

iv. **Business Edition (License)**

License revenue is recognised rateably over the license term, commencing from the date on which access is provided/activated. License revenue relating to unexpired term shall be considered as deferred revenue for the year and it shall be recognised in the subsequent years upon completion of provision of service.

Hyderabad

Notes forming part of the Financial Statements for the Year Ended 31st March 2026

v. Events & Activations (Employee Engagement/Brand Activations)

Revenue is recognised on completion of the event/service (or on achievement of contractually specified milestones where applicable). Advances/billings before delivery are recorded as deferred revenue and services not billed are recorded as unbilled revenue.

vi. Sales Facilitation Service

The Company acts as an agent; revenue is limited to the Facilitation services. Facilitation service income is recognised when the underlying sale by the vendor occurs and is measurable based on vendor/platform reports (net of chargebacks/credits).

vii. Revenue from Sale of Services

Revenue from services is recognized when the outcome of the transaction can be estimated reliably. If services are provided through multiple acts over a defined period, revenue is recognized on a straight-line basis unless a different method better reflects the stage of completion. In other cases, revenue is recognized with reference to the stage of completion at the reporting date. Where the outcome cannot be reliably estimated, revenue is recognized only to the extent of costs incurred that are likely to be recoverable.

viii. Lease Income (Office Space)

Lease rentals from operating leases are recognised on a straight-line basis over the lease term (or on another systematic basis if it better represents the time pattern of benefit) in accordance with AS 19.

Accrued Revenue (AS-9)

Accrued revenue is the income recognised for goods or services delivered up to the balance sheet date but not yet invoiced, when the outcome can be reliably measured and inflow of economic benefits is probable. For services, revenue is recognised by stage of completion; if only minor deliverables remain that do not affect customer acceptance or risk transfer, the related consideration is accrued.

Accrued revenue is measured at the contract price attributable to work performed to date, net of discounts and applicable taxes, and presented under Other Current Assets; it is reclassified to

ProYuga Advanced Technologies Limited

Hyderabad

Notes forming part of the Financial Statements for the Year Ended 31st March 2026

Trade Receivables on invoicing. Where material uncertainties exist or significant obligations remain, recognition is deferred until resolved.

Other Income

Interest income is recognized on accrual basis, adopting a time proportion method, taking into account the amount outstanding and the applicable interest rate.

2.8 Property, Plant and Equipment

i. Recognition & Initial Measurement

PPE are carried at cost less accumulated depreciation and impairment, if any. Cost comprises purchase price (net of recoverable taxes/credits), non-refundable duties, freight, installation, site preparation and other directly attributable expenses necessary to bring the asset to its intended use. Borrowing costs directly attributable to qualifying assets are capitalised until the asset is ready for use; others are expensed. Asset costs are recorded net of input tax credits (e.g., GST) to the extent recoverable; non-recoverable taxes/duties form part of cost. Items costing below ₹ 5,000 (Amount in ₹) are expensed on acquisition. Costs relating to the assets that are not yet ready for use are presented as Capital Work-in-Progress (CWIP); no depreciation is charged on CWIP.

ii. Subsequent Expenditure, Depreciation & Useful Life

Subsequent expenditure is capitalised only when it increases future economic benefits (e.g., enhanced capacity/efficiency or extension of useful life); repairs and maintenance are expensed as incurred.

Depreciation is provided on the Straight-Line Method over the useful life as prescribed in Schedule II to the Companies Act, 2013, unless management (based on technical evaluation) estimates a different life. Depreciation is charged on pro-rata basis from/up to the date the asset is available for use/retired. Residual value is generally 5% of cost unless technical estimates indicate otherwise. The Company reviews useful lives, residual values and the method annually and treats changes prospectively as changes in estimates.

ProYuga Advanced Technologies Limited

CIN: U74999TS2017PLC176097

Hyderabad

Notes forming part of the Financial Statements for the Year Ended 31st March 2026

iii. Impairment, Taxes/Credits & Derecognition

PPE are assessed at each reporting date for indicators of impairment; where the carrying amount exceeds the recoverable amount, an impairment loss is recognised in the Statement of Profit and Loss (with reversals recognised when applicable). An item of PPE is derecognised upon disposal or when no future economic benefits are expected; the difference between the net disposal proceeds and the carrying amount is recognised in the Statement of Profit and Loss.

Estimated Useful life of PPE Adopted by the Company

Particulars	Life of asset
End user devices such as, desktops, laptops etc	3 years
Servers and networks	6 Years
Electrical Installations and Equipment	10 years
Furniture and fittings	10 years
Office Equipment	5 years
Building	60 Years

Moulds

Moulds developed or acquired for iB Cricket bats are recognised as tangible asset at cost when future economic benefits are probable and costs are reliably measurable. Cost includes design/engineering, materials, direct labour, vendor fabrication, testing/trials to bring the mould to working condition, and directly attributable overheads. Routine repairs and maintenance are expensed as incurred; subsequent expenditure is capitalised only if it enhances capacity/efficiency or extends life, with the carrying amount of the replaced part derecognised.

Depreciation is on a usage / units-of-production basis reflecting expected output from each mould (residual value generally nil). Estimates of total units/useful life, residual value and depreciation assumptions are reviewed at least annually and revised prospectively when necessary. Moulds are written off/derecognised when no longer in use or when no future economic benefits are expected; resulting gains/losses are recognised in the Statement of Profit and Loss. Impairment is assessed when indicators exist, and losses (if any) are recognised in accordance with applicable standards.

Notes forming part of the Financial Statements for the Year Ended 31st March 2026

2.9 Intangible Assets

Intangible assets are recognised at cost when identifiable and when future economic benefits are probable and costs can be measured reliably. Research costs are expensed. Development costs are capitalised only when AS 26 criteria are met –

- a) It is probable that the expected future economic benefits attributable to the asset will flow to the entity.
- b) Cost of the asset can be measured reliably.
- c) Technical feasibility of completing the software is established.
- d) The intention and ability to use or sell the software are demonstrated.
- e) Adequate resources are available to complete the development and to use or sell the software.
- f) Ability to measure expenditure reliably.

Capitalised intangibles are carried at cost less amortisation and impairment; amortised on a straight-line basis over the estimated useful life (normally not exceeding five years; residual value was considered as 5% of the cost of the asset). Useful lives/methods are reviewed annually, and assets are tested for impairment when indicators exist.

Application to Products

For iB Cricket, the Company holds, acquired intangibles and internally generated development costs capitalised up to FY 2018-19 when recognition criteria were demonstrably met. After commercial use commenced, ongoing feature upgrades/new versions have been expensed, given the rapid technology change and the absence of reliably estimable future benefits/lives under AS 26. For Programmer VR, no development expenditure has been capitalised to date for the same reasons; all such costs are expensed as incurred.

The Company has no intangible assets with indefinite useful lives as at 31st March 2026.

2.10 Foreign Currency Transactions

Functional currency: The financial statements are presented in Indian Rupees (INR), which is the Company's functional currency.

Initial recognition: Foreign currency transactions are recorded at the exchange rate as on the date of the transaction.

ProYuga Advanced Technologies Limited

CIN: U74999TS2017PLC176097

Hyderabad

Notes forming part of the Financial Statements for the Year Ended 31st March 2026

Subsequent measurement at reporting date:

All the foreign current assets and liabilities are restated with the closing date exchange rates and Unrealised loss arising on account of such restatement is recognised in the statement of Profit and Loss account and the Unrealised gain on account of such restatement is not recognised in books of accounts on account considering the concept of Conservatism.

- a. Monetary items (such as cash, receivables, payables, loans): translated at the closing exchange rate as at the balance sheet date.
- b. Non-monetary items carried at historical cost: translated at the rate as on the transaction date.
- c. Non-monetary items carried at fair value: translated at the rate as on the date the fair value was determined.

Recognition of exchange differences:

- a. Realised foreign exchange gains/losses (arising on settlement of foreign currency monetary items): Recognised in the Statement of Profit and Loss in the period of settlement.
- b. Unrealised foreign exchange losses (arising on year-end restatement of foreign currency monetary items at the closing rate): Recognised in the Statement of Profit and Loss for the period. And Unrealised foreign exchange gains are not recognised in the Statement of Profit and Loss considering the Concept of Conservatism.

2.11 Investments

Current Investment: Investments which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments.

Long Term Investment: All other investments are classified as long-term investments

Recognition of Investment:

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. Current investments are

carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary, in the value of the investments. On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

2.12 Employee Benefits – Long Term and Short Term

i. Short-Term Employee Benefits:

Short-term employee benefits, as defined under AS 15, are those expected to be settled wholly within 12 months after the end of the period in which employees render the related service. These include salaries, wages, incentives, and bonus. Such benefits are recognised as expense in the Statement of Profit and Loss in the period in which the employee renders the service.

ii. Post-employment Benefits:

Post-employment benefits, as per AS 15, are benefits payable after completion of employment.

a) Defined Contribution Plans:

The Company's contributions to Provident Fund (PF), Employees' State Insurance (ESI), which fall within the scope of AS 15, are treated as defined contribution plans. The Company's liability is restricted to the amount of contribution made, which is recognised as an expense in the Statement of Profit and Loss on an accrual basis.

The provisions of the Employees Provident Fund Act are applicable, and the company make monthly contribution at a specified percentage (12% of the employee's salary). The contribution to the Provident Fund and Pension fund is remitted to PF department and the amount is debited to Statement of Profit and Loss, and shortfall if any, in contribution shall be made good by the company.

The Provisions of Employees State Insurance Act are applicable and the contribution by the company is debited to Statement of Profit and Loss, and shortfall if any, in contribution shall be made good by the company.

b) Defined Benefit Plans:

Gratuity is treated as a post-employment defined benefit obligation. The provision for gratuity has been calculated and recorded in the books of accounts as per the actuarial valuation report, the actuary calculated the present value of the obligation using project unit cost method in compliance with AS-15. However, the company has not deposited the amount into a gratuity trust and established a plan asset for the obligation. The plan provides for a lump-sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15/26 days salary payable for each completed year of service. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Statement of Profit and Loss.

Further, Consequent to the implementation of the Code on Wages, 2019 with effect from 21 November 2025, the definition of "wages" for the purposes of computation of gratuity has undergone a change. Pursuant to the actuarial valuation carried out as at 31 March 2026, the impact arising from the revised wage definition under the Code on Wages, 2019 has been recognised in calculation of provision for Gratuity. Any further changes on account of revision in actuarial assumptions consequent to the said change in wage definition have been recognised as actuarial gain/loss under "changes in assumptions".

iii. Other Employee Benefits:

Other employee benefits, as per AS 15, are those not expected to be settled wholly within 12 months after the end of the period in which employees render the related service.

a) Defined Benefit Plans:

I. Accumulated Leave Encashment is payment to employees for unutilised earned leave, either during service or on retirement/resignation. The employees of the Entity are entitled to compensated absence. The employees can carry forward a portion of the unutilized accrued absence in accordance with the internal policy and utilize it in future periods or receive cash compensation at retirement or termination of employment for the unutilized accrued compensated absence. The Provision for compensated absence (leave encashment) has been calculated and accounted in the books of accounts based on the actuarial valuation. The Actuary has calculated the

Hyderabad

Notes forming part of the Financial Statements for the Year Ended 31st March 2026

provision using the project unit cost method. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

Further, Consequent to the implementation of the Code on Wages, 2019 with effect from 21 November 2025, the definition of "wages" for the purposes of computation of the provision for compensated absences (leave encashment) has undergone a change. Pursuant to the actuarial valuation carried out as at 31 March 2026, the impact arising from the revised wage definition under the Code on Wages, 2019 has been recognised on calculation of provision for leave Encashment. Any further changes on account of revision in actuarial assumptions consequent to the said change in wage definition have been recognised as actuarial gain/loss under "changes in assumptions"

II. Retention Bonus is a deferred incentive paid to employees for continuing service with the Company for a specified period. The present value of the obligation is determined at each reporting date using the Projected Unit Credit Method by an independent actuary.

Expenses for these benefits are recognised in the Statement of Profit and Loss, and liabilities are classified into current and non-current portions depending on the expected timing of settlement.

2.13 Taxes on Income

Tax on income for a period comprises Current tax, Deferred tax, and Minimum Alternate Tax (MAT) credit adjustments.

- i. Current Tax:** Current tax is determined as the amount of tax payable in respect of taxable income for the year. Tax liability for the Current year has been computed under Old Tax Regime of the Income Tax Act, 1961.
- ii. Deferred tax:**
 - a)** Deferred tax is recognized subject to the consideration of prudence, on timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

ProYuga Advanced Technologies Limited

CIN: U74999TS2017PLC176097

Hyderabad

Notes forming part of the Financial Statements for the Year Ended 31st March 2026

- b) Deferred tax assets on timing differences are recognized only if there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. However, deferred tax assets on the timing differences when unabsorbed depreciation and losses carried forward exist, are recognized only to the extent that there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.
- c) Whenever the income as per Income Tax is lesser than the income as per the Statement of Profit and Loss, the deferred tax liability should be calculated and recognized in the financial statements. The Company off-sets, on a year-on-year basis, the current and non-current tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

iii. Minimum Alternate Tax (MAT) Credit:

Minimum Alternate Tax Credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such assets are reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer convincing evidence of the effect that the company will pay normal income tax during the specified period.

2.14 Borrowing Cost

Borrowing costs are “interest and other costs incurred in connection with the borrowing of funds,” including “exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.”

Capitalisation commences only when:

- a. expenditure for the acquisition, construction or production of a qualifying asset is being incurred.
- b. borrowing costs are being incurred; and
- c. activities that are necessary to prepare the asset for its intended use or sale are in progress.

Borrowing costs other than those directly attributable to the acquisition, construction or production of a qualifying asset as defined in the Accounting Standard are recognised as an expense in the period in which they are incurred. Capitalisation ceases when asset is found to be ready for use or sale.

2.15 Leases

At the inception of a lease, the lease arrangement is classified as either a finance or operating lease, based on the substance of the lease arrangement. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Assets taken on finance lease:

A finance lease is recognized as an asset and a liability at the commencement of lease, at lower of its fair value and present value of minimum lease payments. Initial direct costs, if any, are also capitalized and subsequent to initial recognition, the asset is depreciated in line with the accounting policy applicable to the same class of assets. The minimum lease payments are apportioned between finance expense and reduction in outstanding lease liability. The finance costs are allocated to each period, during the lease term, so as to produce a constant periodic rate of interest on the remaining outstanding liability.

Assets taken on operating lease:

Assets taken on operating leases are not recognized in the entity's Balance Sheet. Payments made under operating leases are recognized in Profit and Loss on a straight-line basis over the term of lease.

The Company has entered into operating lease arrangements with MCS partners for the use of premises, wherein the rentals are variable in nature and are recognized as an expense as incurred, in accordance with the terms of the agreements and the requirements of AS 19 - Leases.

2.16 Impairment of Assets

Measurement: In accordance with AS-28 - Impairment of Assets, the Company assesses at each balance sheet date whether there is any indication that an asset (tangible and intangible) may be impaired. If such indication exists, the recoverable amount of the asset is estimated, being the higher of its net selling price and value in use (present value of estimated future cash flows expected to arise from continuing use of an asset and from its disposal at the end of its useful life or a reasonable estimate). Where the carrying amount of an asset exceeds the recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Recognition: Impairment loss, if any, is recognised in the Statement of Profit and Loss for the period in which the asset is identified as impaired. The loss is charged to the carrying amount of

ProYuga Advanced Technologies Limited

CIN: U74999TS2017PLC176097

Hyderabad

Notes forming part of the Financial Statements for the Year Ended 31st March 2026

the asset in the balance sheet, thereby reducing its book value to the recoverable amount.

Reversal: As per AS-28, the Company reviews at each balance sheet date whether there is any indication that an impairment loss recognised in prior periods may no longer exist or may have decreased. A previously recognised impairment loss is reversed only to the extent that the revised carrying amount does not exceed the carrying amount that would have been determined (net of depreciation/amortization) had no impairment loss been recognised.

2.17 Provisions, Contingent Liabilities and Contingent Asset

i. Provisions:

a) **Recognition:** The company recognizes the provision when:

1. There is a present obligation (legal or constructive) arising as a result of a past event;
2. It is probable (more likely than not) that an outflow of resources embodying economic benefits will be required to settle the obligation; and
3. A reliable estimate can be made of the amount. Provisions are not recognised for future operating losses.

b) **Measurement:** Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. Provisions are not discounted to present value under AS 29. Gains from the expected disposal of assets are not considered in measuring a provision.

c) **Review and use:** Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources will be required, the provision is reversed. A provision is used only for expenditures for which the provision was originally recognised.

i. Contingent liabilities:

A contingent liability is not recognised but is disclosed when there is:

ProYuga Advanced Technologies Limited

CIN: U74999TS2017PLC176097

Hyderabad

Notes forming part of the Financial Statements for the Year Ended 31st March 2026

- a) a possible obligation from past events, whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the Company's control; or.
- b) a present obligation that arises from past events but is not probable to require an outflow of resources or cannot be measured reliably.

Remote contingent liabilities are generally not disclosed, unless disclosure is necessary to ensure that the financial statements are not misleading (e.g., in rare cases of significant guarantees).

ii. Contingent assets:

A contingent asset is not recognised in the financial statements. It is disclosed where an inflow of economic benefits is probable. When the realization of income is virtually certain, the related asset is no longer contingent and is recognised.

The Company waived interest on the loan extended to Mayuukha Pte Ltd, in view of the adverse impact of the COVID-19 pandemic for the period FY 19-20 to FY 23-24. This step was taken as a shareholder support measure to preserve and enhance long-term shareholder value.

For the year ended 31st March 2022, considering the financial condition of Mayuukha Pte Ltd, the management of the Company created a provision for diminution in respect of the loan granted to Mayuukha.

During the Financial Year 2024-25 as per mutual agreement between ProYuga and Mayuukha Pte Ltd, entire outstanding loan and interest accrued and recognised has been converted into Non-Cumulative Redeemable Convertible Preference Shares (NCRCPs) of Mayuukha Pte Ltd on dated 27th March 2025. The key terms of Conversion of loan into NCRCPs are described below:

Instrument	13% Non-Cumulative Redeemable Convertible Preference Shares
Face value of Share	1 USD
Issue Price of Share	1 USD
Coupon Rate	13%
No. of Preference shares converted against loan outstanding and Interest Accrued and recognised	45,20,520 shares
Date of Allotment	27-Mar-25
Tenure	10 years from the date of allotment
Redemption Terms	The NCRCPs shall be redeemable upon earlier occurrence of: (a) Completion of Tenure (or) (b) The NCRCPs shall be deemed to have been redeemed when an option to convert them into ordinary equity shares is exercised and NCRCPs are converted into ordinary equity shares, upon completion of the Tenure or at any time before the expiry of the Tenure at the option of the Preference Shareholder.
Redemption Price	In the event NCRCPs are redeemed at the completion of Tenure, holder of NCRCPs shall be paid an amount which shall be the fair value of the preference shares at the time of redemption accordance with the Applicable Law. The premium shall be computed at value not less than Internal Rate of Return (IRR) of 13% from the date of issuance of loan in various tranches provided that no dividend is paid on NCRCPs and subject to availability of reserves and surplus.

The Company has also received show-cause notices for levy of penalties in respect of the disputed additions/disallowances, against which appropriate responses have been submitted within the prescribed timelines. Subsequent to the reporting date, the Company paid ₹51,267.40/- representing 20% of the disputed demand, and the recovery of the balance demand and consequential penalty proceedings has been stayed, pending disposal of the appeal.

Based on the management's assessment of the merits of the matters under appeal, no provision has been considered necessary. Accordingly, the disputed tax demand of ₹2,56,337.00/- has been disclosed as a contingent liability as at 31st March 2026. Any consequential penalty liability, if crystallised upon final determination of the disputed tax matter, will be recognised accordingly.

31. Earnings Per Share

In determining earnings per share, the Company considers the net profit after tax and includes the post-tax effect of any extraordinary item.

- i. **Basic EPS:** The number of equity shares used in computing basic earnings per share is the weighted average number of Equity shares outstanding during the year.

ProYuga Advanced Technologies Limited**CIN: U74999TS2017PLC176097****Hyderabad****Notes forming part of the Financial Statements for the Year Ended 31st March 2026**

- ii. **Diluted EPS:** The number of shares used in computing diluted earnings per share comprises weighted average number of equity shares considered for deriving basic earnings per share and weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.
- iii. **Presentation:** EPS is presented for each period for which a Statement of Profit and Loss is presented. Where applicable, EPS for continuing and discontinuing operations is disclosed separately. The face value (par value) per share used in the EPS calculation is also disclosed.

Notes forming part of the Financial Statements for the Year Ended 31st March 2026

Notes:

- a) The increase in the Current Ratio during the year is primarily due to the reclassification of the ₹5.65 crore loan receivable from Rentian Private Limited as a current asset, being due for repayment within the next twelve months, along with an increase in cash and cash equivalents compared to the previous year.
- b) The increase in the Debt service coverage ratio is primarily attributable to the increase in profit during FY 2025-26 compared to the previous year.
- c) The decrease in the Inventory Turnover Ratio is primarily attributable to reduction in the cost of Goods sold compared to previous year.
- d) The decrease in the Trade Receivables Turnover ratio is primarily attributable to the increase in Average Trade receivables during the year, which was proportionately higher than the increase in Credit Sales.
- e) The decrease in the Capital Turnover ratio is primarily attributable to the increase in Average working capital during the year, which was proportionately higher than the increase in PAT.
- f) The increase in the Return on Capital Employed is primarily attributable to the increase in profit during FY 2025-26 compared to the previous year.

*Note: The Variance compared to the previous year is less than 25%, therefore not commented.
